

# Valence d'Agen / Moissac

Canal des 2 Mers by bike - Atlantic / Mediterranean sea

From Valence to Moissac, the cycle route sticks to the tranquil canal. The town of Moissac, located on one of the famous pilgrimage routes to Santiago de Compostela, stretches out peacefully beside the Tarn River. Visit Moissac's splendid medieval Benedictine abbey, part of a UNESCO World Heritage Site, with its stunningly carved cloisters and one of the most beautiful Romanesque church entrances in southern France.

## The route

Between Valence and Moissac, the route is signposted, but on certain stretches you have to leave the towpath and cycle on stretches of road shared with motorized traffic, although these roads are generally very quiet.
